

Digital Transformation Courses in Oil and Gas

1. Digital Transformation Strategy in the Oil and Gas Industry for Managers
2. Digital Transformation in the Oil and Gas Industry for Managers
3. Digital Transformation in Upstream for Managers
4. Digital Transformation in Downstream for Managers
5. Digital Marketing in the Oil and Gas Industry for Managers
6. Cloud Computing in Oil & Gas Industry for Managers
7. Automation in The Oil and Gas Industry for Managers
8. Internet of Things (IoT) in the Oil and Gas Industry for Managers
9. Blockchain in the Oil and Gas Industry for Managers
10. Applications of AI in the Oil & Gas Industry for Managers
11. E-Commerce in the Oil and Gas Industry for Managers
12. Digital Enterprise Risk Management in the Oil and Gas Industry for Managers
13. IT Project Management in the Oil and Gas Industry for Managers
14. IT Innovation for Managers in the Oil and Gas Industry for Managers
15. Intelligent Digital Oilfield in the Oil and Gas Industry for Managers
16. Digital Twins in Oil and Gas in the Oil and Gas Industry for Managers
17. Digital Drilling in the Oil and Gas Industry for Managers
18. Digital Business Analysis in the Oil and Gas Industry for Managers
19. IT Security in the Oil and Gas Industry for Managers

Data, Data Analysis, and Data Reporting Courses in Oil and Gas

1. Data Analytics with MySQL in the Oil and Gas Industry for Managers
2. Fundamentals of Power BI in the Oil and Gas Industry for Managers
3. Data Analytics with Power BI in the Oil and Gas Industry for Managers

Data, Data Analysis, and Data Reporting Courses (General)

1. Data Analytics with MySQL for Managers
2. Fundamentals of Power BI for Managers
3. Data Analytics with Power BI for Managers
4. Data Science for Commercial Innovation
5. Data-Driven Government
6. Security and Privacy for Big Data
7. GDPR – Data Protection & Privacy

Digital Courses for Enterprises

1. Digital Human Resources
 2. Digital Operation (General Course)
 3. Digital Supply Chain
 4. Digital Business Strategy
 5. Digital Transformation in International Relations
 6. Fundamentals of Digital Twins
-

Courses in Fintech

1. Fundamentals of Fintech
2. Fundamentals of Blockchain
3. Blockchain for the decision maker

Financial Modeling (MS Excel)

1. Financial Modeling (Excel)
2. Microsoft Excel Data Analysis and Dashboard Reporting

Mixed Digital Courses

1. Digital Transformation in Mining (Extractive Industries) for Managers
2. IT Governance (Processes use of IT in enabling to achieve its goals)
3. IT Security for Managers
4. Digital Product Management
5. Digital Manufacturing & Design Technology
6. Smart Cities – Management of Smart Urban Infrastructures (Digital Technologies)
7. Digital Innovation & Innovation Management
8. Digital Governance
9. Blockchain for the decision-makers
- 10.

Digital Transformation Courses for Banks

1. Digital Transformation Strategy in Banking Industry for Managers
2. Digital Transformation in Banking Industry for Managers
3. Banking Digital Marketing Strategy
4. Cloud Computing in banks
5. Automation in Banking and Finance
6. Internet of Things (IoT) in Banking and Finance
7. IoT Device Security
8. Blockchain Banking and Finance
9. Applications of AI in Banking and Finance
10. E-Commerce in the Oil and Gas Industry for Managers
11. Digital Enterprise Risk Management for Banks
12. IT Project Management in Banking Industry
13. IT Innovation in Banking Industry
14. Digital Twinning for Banks
15. Digital Business Analysis in Banking & Finance
16. IT Security in Banking & Finance

Digital Transformation Courses for Healthcare

1. Digital transformation Strategy in the Healthcare Industry
 2. Digital transformation Strategy in the Healthcare Industry
 3. Cloud Computing in the Healthcare Industry
 4. Automation in the Healthcare Industry
 5. Internet of Things (IoT) in in the Healthcare Industry
 6. IoT Device Security in the Healthcare Industry
-

7. Blockchain in the Healthcare Industry
8. Applications of AI in the Healthcare Industry
9. Influence & Role of E-Commerce in the Healthcare Industry
10. IT Project Management in the Healthcare Industry
11. IT Innovation in the Healthcare Industry
12. Digital Twinning for the Healthcare Industry
13. Big data in healthcare (Management & Security)
14. IT Security in the Healthcare Industry
15. GDPR in the Healthcare Industry
16. Digital Marketing Strategy for Healthcare Industry

Project Management

1. Agile Project Management
2. Agile Project Management with Jira
3. Project Management: How to be a Successful Project Manager
4. A Beginner's Guide to Scrum Project Management
5. Fundamentals of Project Planning and Management
6. Organizations and Project Management: P3M and Knowledge Management
7. Unlocking the Risk Matrix: Project Risk and the Change Management Process
8. Project Planning and Communication: Mastering Gantt Charts and Stakeholder Management

Internet of Things

1. Industrial IoT
2. IoT in Supply Chain
3. IoT in Logistics
4. IoT in Oil and Gas

Business Analysis & Change Management

1. IT Change Management
2. Agile Business Analysis
3. Fundamentals of Business Analysis
4. Requirements Engineering for Business Analysts

Digital Technologies

1. Fundamentals of Mobile Technology
 2. Fundamentals of Internet of Things (IoT)
 3. Fundamentals of Robotics
 4. Fundamentals of Artificial Intelligence And Machine Learning
 5. Fundamentals of Augmented Reality
 6. Fundamentals of Big Data and Real-Time Analytics
 7. Fundamentals of Digital Twin
 8. Fundamentals of API-Based Integrations
 9. Fundamentals of Robotic Process Automation (RPA)
 10. Fundamentals of Cloud-Based Technology
-

IT Service Delivery Courses - Service Strategy

Service Strategy

1. Service Strategy - Service Portfolio Management
2. Service Strategy - Demand Management
3. Service Strategy - Financial Management
4. Service Strategy - Strategy Operations

IT Service Delivery Courses – Service Design

1. Service Design - Service Catalog Management
2. Service Design - Service Level Management
3. Service Design - Availability Management
4. Service Design - Capacity Management (General)
5. Service Design - Capacity Management - Business Capacity Management (BCM)
6. Service Design - Capacity Management - Service Capacity Management (SCM)
7. Service Design - Capacity Management - Component Capacity Management (CCM)
8. Service Design - Service Continuity Management
9. Service Design - IT Security Management
10. Service Design - Supplier Management

IT Service Delivery Courses – Service Operations

1. Service Operations - Event Management (process)
2. Service Operations - Incident Management (process)
3. Service Operations - Request Fulfilment (process)
4. Service Operations - Access Management (process)
5. Service Operations - Problem Management (process)
6. Service Operations - IT Operations Management (function)
7. Service Operations - Service Desk (function)
8. Service Operations - Application Management (function)
9. Service Operations - Technical Management (function)

IT Service Transition

1. Service Transition -Change Management & Evaluation
 2. Service Transition - Transition Planning and Support (Project Management)
 3. Service Transition - Release and Deployment Management
 4. Service Validation and Testing - Service Asset and Configuration Management
-
